

# Indeterminate vs Determinate Tomatoes

## INDET.

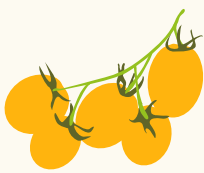

Vining. Grows up to 12 ft tall. Trellis support needed.

Can be pruned.

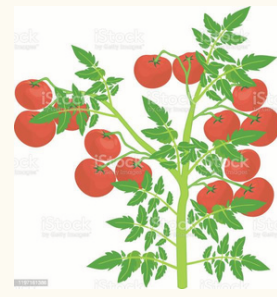

Long harvest period. Produces fruit until frost.

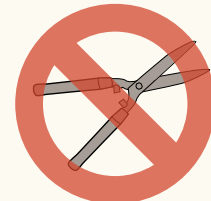

Examples: Yellow Pear & Gardener's Sweetheart Cherry

## DET.

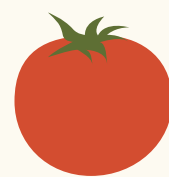

Bushy. Grows up to 4 ft tall. Trellis support not needed. Stake instead.

Pruning not needed.

All fruit produced in a short 2-3 wk period.

Examples: Scotia, Marglobe & Taxi
